Our premium recycled plastic furniture is proudly manufactured in Anaheim, California. With a dedication to quality and sustainability, each item in our catalog reflects our commitment to delivering unparalleled excellence in design and construction, all meticulously crafted right here in the USA. At Wittek, we uphold stringent standards throughout the production process, ensuring that every piece not only meets but exceeds expectations for durability, style, and environmental responsibility.

WWW.WITTEKGOLF.COM

100% RECYCLED PLASTIC

Our furniture stands the test of time. Built to last in all 4 seasons, there are no more worries how the weather will impact your outdoor furniture.

Shown in White

ELEVATE YOUR SPACE - INSIDE AND OUT

Exceptional furniture crafted for lasting quality and comfort

We offer top-quality outdoor furniture made from recycled plastic, perfect for your golf course, patio, clubhouse, or any other area. Our products are made from recycled plastic material, primarily milk jugs, ensuring durability and resistance to splintering, chipping, peeling, or fading. Choose from our eight vibrant color options, including Black, Brown, Green, Driftwood, White, Light Gray, and our premium Walnut and Coastal Gray colors, which have a textured finish. We can also customize everything from paneling to trim and even add logos or custom messages to meet your facility's specific needs. To provide this level of customization, we manufacture everything in-house at our California, USA location.

CUSTOM

TWO-TONE

If you're looking for a way to add a unique and eye-catching touch to your furniture, consider the option of two-tone colors. This customization allows you to combine two different colors or finishes on a single piece of furniture, creating a striking contrast that can enhance the overall aesthetic of your space.

CUSTOM CRAFTED

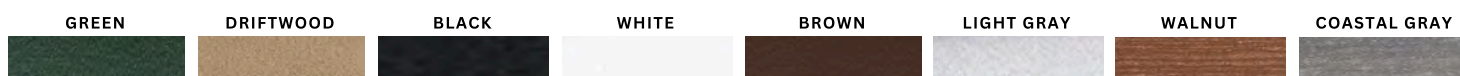

When it comes to customizing your items, there are several options to choose from.

Lexan is an extremely durable, lightweight, and transparent material that protects any design you want to display. Engraving is a process of etching designs or text onto a surface. You can also add a pop of color to your engraved design with color filled engraving. Cast aluminum and cast bronze are popular options for adding customization with a classic, timeless look that is both elegant and durable.
