FLAGS

MOUNTING OPTIONS

MULTIPLE OPTIONS SO YOU CAN HAVE THE RIGHT FLAG, FOR THE RIGHT TIME!

- **PLASTIC TUBE:** The same tube you've always used just got better! Now featuring a hexagon shape for added strength, these tubes resist the warping and cracking caused by long term use.
- **SOFT TUBE:** Used in place of plastic tubes, they are great for reducing noise on the green and even better for tournaments where the flags from the course may be used as give a ways or trophies following the round! Soft tubed flags are also easily framed.
- **3-HOLE GROMMET:** What's the difference? The covered grommet strip features extra fabric that wraps around the exterior of the traditional grommet strip to add a slightly more "modern" look to the timeless classic. This allows for material flag saver to be added! Grommet flags make for excellent trophy or souvenir flags as well!
- **TUBELESS:** The perfect flag for pro shop, trophy or award flags!

DYE SUBLIMATION

The perfect tournament flag has never been easier to order! Great for when you need a lot of decoration in only a small amount of space, or for when each hole's flag has a different design. While these flags do not carry the same warranty as our other flags do, we have several customers that have flown them for just as long as a standard flag without any issues.

If your custom flag has 4 or more colors in it we recommend Dye Sublimation!
